MORE LIGHT. MORE COMFORT. BETTER VIEWS.

Kömmerling PremiDoor 76

Bright rooms that are flooded with light are not only pleasing to look at, but also create a very special feel-good atmosphere within your home. With its large glazed areas, the Kömmerling PremiDoor 76 lift/sliding door system is ideal for achieving this effect.

SUSTAINABLE AND COMFORTABLE LIVING

With the Kömmerling PremiDoor 76 lift/sliding door system, you remove the boundaries between indoors and outdoors – whether you are looking at a lush garden or an urban skyline. The system impresses with its barrier-free access, maximum handling ease and sophisticated, stable design. Good to know for planning: The systems are ideal for new buildings and renovations.

SAFE, SUSTAINABLE, STYLISH

The Kömmerling PremiDoor 76 Lux variant allows even more incoming light and greater solar gains thanks to its particularly narrow PVC-U profiles in the fixed pane.
